### OVERVIEW

The iTechworld 2 in 1 Head Torch and Flashlight offers simple, user-friendly controls to cycle through flashlight, flood, and RGB lighting modes. The flashlight beam can be adjusted by sliding the front to focus or diffuse the light, which will also expose the USB-C input port. The included head strap holds the pen clip in place which allows for comfortable hands-free use, additionally the head torch can be easily removed when needed. A built-in magnet on the pen clip provides extra mounting options.

#### KEY FEATURES

- Various RGB light modes
- Compact and lightweight
- Red emergency light
- Pre-installed pen clip with magnets
- Optional head strap
- Ultra-bright 450 Lumen
- USB-C rechargeable

### OPERATION

1. Press the power control button located on the side of the unit to change the lighting mode from the 1st white light to the 2nd, then the 1st flood light, 2nd flood light, and 3rd flood light. A final short press will turn the light off.
2. Hold the power control button while the unit is off or during any white light mode to enter RGB mode. A short press will cycle through green, blue, red, and red flashing modes. After the red flashing mode, the unit will turn off. Hold the power control button again to re-enter RGB mode.

Operation	Light Mode	Brightness Level
Short Press	1st White Light	100%
2nd Short Press	2nd White Light	50%
3rd Short Press	1st Flood Light	50%
4th Short Press	2nd Flood Light	50%
5th Short Press	3rd Flood Light	100%
Long Press	RBG - Green	100%
2nd Short Press	RBG - Blue	100%
3rd Short Press	RBG - Red	100%
4th Short Press	RBG - Red Flashing	100%

#### WARNING:

Should any of the following occur, immediately turn off and stop using the unit:

Any liquid, including water, spills into the product.  
The product gives off odours or has an unusual flickering.  
The cable is damaged, or you can see the exposed wire.  
The case has been broken.

#### WARNING:

Keep all components of this device away from fires and high temperatures.

#### WARNING:

Keep all components of this device away from children.

#### WARNING:

Check the voltage requirements before operation to avoid damage to the light.

#### WARNING:

Do not disassemble or modify the light; doing so may result in a risk of death or serious injury and will void your warranty.

#### WARNING:

Ensure the light is charged at least once every three months and is not left out of charge for more than seven days.

#### WARNING:

Unplug the power cord once the light has been fully charged.

#### WARNING:

Do not cover the light while the unit is in operation.
